

Friday, 10 January 2025

Dear Parents and Carers

We are delighted to announce that on Friday 7th March we will be visited by Philip Kavadias, outstanding author of MISSION MICRORAPTOR and MISSION MANTA RAY.

Philip is an Engineer, Scout Leader and Sustainability expert, Sustainability being his day job for one of the most recognisable brands in the world.

His books (the third of the trilogy coming out later in 2025) are big adventures, with humour, lightning action, powerful villains and state-of-the-art technology. Philip is visiting schools all over the country, creating huge enthusiasm among children and inspiring them to fall in love with books and reading.

You can order copies of Philip's first two books through Arbor. We are very fortunate to have been offered a 50% discount, which means you can buy each copy at only £4, and two for the price of one! Orders close on **Friday 14th February.**

Aspire. Create. Think.
